Visit us at www.amsa.com/bor for the information and tools you need to achieve a healthy financial future.

ASA is proud to participate in the Federal PLUS Loan Program. The Federal PLUS Loan Program is part of the Federal Family Education Loan Program (FFELP), and Parent PLUS Loans allow parents of undergraduate students to borrow funds to meet the costs of higher education. The U.S. Department of Education regulates the terms and conditions of PLUS Loans.

ASA's PLUS on the Web process allows borrowers to enter information that will be used on a Master Promissory Note (MPN). This MPN is a binding agreement between borrowers and lenders. In the PLUS on the Web process, borrowers are able to agree to a credit check for the purpose of determining credit eligibility. If approved, borrowers may be able to complete an electronic MPN.

ASA also offers an e-Sign process that provides borrowers with a faster and more convenient way to process requests for Parent PLUS Loans. If both the school and the lender allow e-Sign, ASA Direct® will provide this option to borrowers after they have successfully completed all required information and have had their credit approved for a Parent PLUS Loan.
